Louisville Hosts Blood Drive for MEDIC Regional Blood Center

MEDIC Regional Blood Center will be at the Louisville Town Hall for a community blood drive on Thursday, December 22 from 11:00 a.m. until 6:00 p.m. in the Community Room. All blood types are urgently needed. Your donation not only helps others who need blood now, but also qualifies you as MEDIC member. People who donate one pint of blood per year to MEDIC Regional Blood Center receive MEDIC 's blood coverage benefit. This benefit exempts donors and their IRS dependents from paying blood collection fees at any hospital in the U.S. if a transfusion is needed. Think of this benefit as a mini-insurance policy. However, this benefit does not include pre-existing illnesses. Each donation adds another year's credit to protect donors and their IRS dependents.
